HUNTER'S WOODS TOPIC: MULTIPLICATION AND DIVISION FAMILIES

INSTRUCTION: Complete the equations that make up the following multiplication-division families. The first one has been done for you as an example.

House-shaped diagram with a yellow body and a green roof. The number 27 is in a white circle in the center. Below the circle are the numbers 3 and 9. To the left are two equations: $3 \times 9 = 27$ and $9 \times 3 = 27$. To the right are two equations: $27 \div 3 = 9$ and $27 \div 9 = 3$. An orange flag is on top of the roof.

House-shaped diagram with a yellow body and a green roof. The number 40 is in a white circle in the center. Below the circle are the numbers 8 and 5. To the left are two equations: $\square \times \square = \square$ and $\square \times \square = \square$. To the right are two equations: $\square \div \square = \square$ and $\square \div \square = \square$. An orange flag is on top of the roof.

House-shaped diagram with a yellow body and a green roof. The number 12 is in a white circle in the center. Below the circle are the numbers 2 and 6. To the left are two equations: $\square \times \square = \square$ and $\square \times \square = \square$. To the right are two equations: $\square \div \square = \square$ and $\square \div \square = \square$.

House-shaped diagram with a yellow body and a green roof. The number 56 is in a white circle in the center. Below the circle are the numbers 7 and 8. To the left are two equations: $\square \times \square = \square$ and $\square \times \square = \square$. To the right are two equations: $\square \div \square = \square$ and $\square \div \square = \square$.

House-shaped diagram with a yellow body and a green roof. The number 24 is in a white circle in the center. Below the circle are the numbers 4 and 6. To the left are two equations: $\square \times \square = \square$ and $\square \times \square = \square$. To the right are two equations: $\square \div \square = \square$ and $\square \div \square = \square$.

House-shaped diagram with a yellow body and a green roof. The number 72 is in a white circle in the center. Below the circle are the numbers 8 and 9. To the left are two equations: $\square \times \square = \square$ and $\square \times \square = \square$. To the right are two equations: $\square \div \square = \square$ and $\square \div \square = \square$.
